

Issuing Bank Cards has Never Been Easier

Elevating Branch Operations & the Customer Experience.

As a powerful card issuing kiosk, the MV400 is able to deliver fast, secure, and personalized bank cards. This solution allows for easy operation, reduced maintenance, and greater reliability in card issuing services.

Features

Improved productivity in branch

The reliable & powerful MV400 helps ensure maximum branch productivity by shortening customer wait times and creating simplified card issuance, while also cutting down on costs.

Minimal Maintenance Needs

Optimized engineering results in maximum reliability and reduced maintenance. In addition, our expert system configuration allows for easier fault diagnosis and repairs should maintenance be required.

Higher Customer Satisfaction

Versatile printing (e.g. monochrome or full colored, dual-side) options helps to satisfy diverse customer preferences. With the MV400 achieve truly automated, yet personalized customer service with edge-to-edge card issuance.
