

Cash Dispenser offering highest availability

The Hyosung 5T is a brand-new cash dispenser that provides the highest availability and allows for flexibility in a broad range of services.

Features

Intuitive Enabling Technology

The 19" multi-touch screen and intuitive user interface enables a truly seamless omni-channel customer experience. Multiple customer authentication options including contactless and biometrics help deliver consistency in channel experiences. Furthermore, the aesthetic design and ergonomic layout of the 5L also reinforce a truly memorable and convenient banking experience.

Highest Availability

The 5T is designed to provide reliability that is unequalled in the market with maximum uptime and minimum maintenance.

Flexibility

The 5T allows for easy future upgrades and module modifications. It delivers expanded functionality through the inclusion of bill payment, funds transfer, mobile top-up and even ATM advertising to maximize efficiency and convenience.

Robust Security

The 5T offers multiple layers of security that defend against physical and logical attacks with a combination of multi-level anti-skimming, anti-shimming, anti-cash trapping, operating system lockdown, white-listing, encryption and anti-jackpotting.
