

## HK700 Sidecar for Hyosung Retail ATMs

---

Low cost, high reward upgrade for Hyosung Retail ATMs, transforming traditional cash dispensing ATMs into cash-to-digital onboarding ramps. The HK700 Sidecar is part of the industry's most advanced cash-in/out kiosk and sidecar solutions designed for crypto, gaming and payments. Truly, the possibilities for the HK700 Sidecar will only be limited by the imagination of the business owner searching to deliver optimum customer experiences.

## Features

---

### Flexibility

Demonstrating Hyosung's legendary modular design, the HK700 Sidecar supports a myriad of customer experiences including cryptocurrency purchases, payments and gaming ticket redemption. The HK700 Sidecar includes modules to support robust authentication with barcode, ID and camera options.

### Versatile

The HK700 Sidecar is compatible with the Halo II, Force, 5200, and the 5400 Retail ATMs, allowing for a low cost upgrade to these reliable and trusted products. Easy DIY installation guidance allows for your ATM to be upgraded in a matter of hours.

### Modern, intuitive design

The HK700 Sidecar's low profile, small footprint design maximizes capability and profitability with minimal impacts to the real estate occupied by your ATM. With optional, customizable coloring and branding kits, your ATM can match your deployment needs.
