HYOSUNG

5LA (MX5800SG)

Maximum Security Cash Dispenser

The Hyosung 5LA cash dispenser provides optimal security and unrivaled availability in cash automation to ensure convenient cash access for all.

Features

Robust Security

The Hyosung 5LA is designed with more advanced features than a typical ATM. In addition to Hyosung's standard hardware and software security features, this ATM is engineered with a strengthened shutter and minimized panel gaps to ward off criminals. In addition, a double safe configuration is incorporated to both reinforce and separate the shutter and transport pathway from the cash cassettes stored below.

Intuitive Customer Experience

The 19" multi-touch screen and intuitive user interface ensures a truly seamless omni-channel customer experience. Multiple customer authentication options including contactless features help deliver security and consistency in all transactions.

Highest Availability

The Hyosung 5LA is designed to provide reliability that is unequaled in the market with maximum uptime and minimum maintenance. Its expertly crafted components and modular design keep the device running for longer and makes maintenance easy.

Tailored Branding

The customizable signage topper and LED security side wings allow financial institutions to adjust the look and feel of this ATM to match their brand. These additional aesthetic features help bring the branch's branding to life and better attract customers.
