HYOSUNG

5TE (MX5700TE)

The Gold Standard of Cash Dispensing ATMs

The Hyosung 5TE offers the highest availability and allows for a broad range of banking services. With its world-proven technology, this cash dispensing ATM will help improve profitability and demonstrate your financial institution's market leadership.

Features

Intiutive Technology

The 19" multi-touch screen and intuitive user interface enables a truly seamless omni-channel customer experience. Multiple customer authentication options including contactless and biometrics help deliver convenience and security in the self-service zone. Furthermore, the aesthetic design and ergonomic layout of the Hyosung 5TE also reinforces a truly memorable and convenient banking experience.

Highest Availability

The Hyosung 5TE is designed to provide reliability that is unequaled in the market with maximum uptime and minimum maintenance.

Superior Flexibility

The Hyosung 5TE allows for easy future upgrades and module modifications. It delivers expanded functionality through the inclusion of bill payment, funds transfer, and even teller-assisted services to maximize efficiency and convenience.

Robust Security

The Hyosung 5TE offers multiple layers of security that defend against physical and logical attacks with a combination of multi-level anti-skimming, anti-shimming, anti-cash trapping, operating system lockdown, white-listing, encryption and anti-jackpotting.
